SUMMARY

Web developer with 8+ years of experience working in customer management and operational roles. Looking to integrate and expand my experiences in a technical role.

TECHNICAL SKILLS

JavaScript, React, CSS, HTML5, SASS, Bootstrap, Styled Components, Tailwind CSS, Node JS, Express, mongoDB, JQuery, mySQL, API'S, Git, Postman, Firebase, Github, SaaS, Agile, Salesforce

WORK EXPERIENCE

Operations Manager | Centerplate at the Raleigh Convention Complex | June 2014 – September 2020 | Raleigh, NC

- Integrated and troubleshoot multiple point-of-sale platforms, inventory tracking systems, and employee scheduling systems through Salesforce, Clover, and Bypass.
- Primary point of contact and liaison between Centerplate and enterprise customers for event management. Responsible for short and long term customer relationships, proactively renewing contracts and finding new sales opportunities
- Managed and cultivated relationships in Centerplate's enterprise portfolio, generating \$3.5 million in gross-revenue.

Event Manager | Hilton Worldwide | August 2013 – May 2014 | Greenville, NC

- Communicated event forecast inventory, budget to operational teams while exceeding customer expectations.
- Responsible for managing customer contracts, partner contracts, legal compliance best practices.
- Supervised 20+ employees; setting goals and reviewing standards to meet operational deadlines.

Event Manager | Marriott Vacations Worldwide | May 2013 – August 2013 | Hilton Head Island, SC

- Responsible for all logistical tasks to ensure successful customer interactions and event services.
- Owned event planning process, on-site execution, operational metrics, billing, and reporting on budget status.
- Managed customer experiences, meeting sales quotas, and maintaining customer satisfaction scores 80%+.

EDUCATION

University of North Carolina-Chapel Hill Coding Bootcamp | *Full Stack Web Development Certificate* | May 2021
